

SUMMER 2022 YOUTH VOICE REPORT

Aldeburgh, Leiston, Saxmundham
& Villages

This term, we were collecting young people's views on the impact of Sizewell C Power Stations - we had one response as follows from a 19yr old in Leiston

What opportunities do you see for young people within Sizewell? Loads of jobs when they start building and finish Sizewell C

Are you looking at your future plans for education to help with employment opportunities within Sizewell? No

Do you feel you have been consulted on the future of your community of a result of Sizewell? No

What more would you like to know about Sizewell? Nothin in particular

Anything else you would like to tell us about Sizewell? Will be great and necessary for powering the country

Exciting news.....

We are helping children with their wellbeing and development. As part of the community partnership and INT priority on childhood obesity a new project **Healthy Movers** is starting September!

The Healthy Movers range has been designed to support the development of physical literacy in children aged 2-5.

It consists of physical resources and training to develop the knowledge, skills and confidence young children need to develop physically, socially and emotionally.

Hot off the press....

First Youth Focus Suffolk Conference
30th September
Level 2 Youth Hub Felixstowe

Bringing youth work practitioners and organisations together to discuss climate change, participation diversity and inclusion.

For more information: **Youth Focus Suffolk Conference - Community Action Suffolk**

Why not share with your local youth work organisations - it is a great opportunity for them to come together to explore key themes in youth work, whilst having an opportunity to network and catch up with colleagues from across the sector, sharing learning, ideas, and good practice.
