

Plastic Action Champions

Art on the Prom Felixstowe

Part of action towards the goal of a pollution free environment

Date 2.9.2018 10am to 4.30pm (Set up 8.40am, Take down 5pm)

Key messages: avoid single use where possible and recycle effectively

Activities: make a hedgehog, make a flower, pick from the sea

Number of interactions where new advice was given/received: 50

Number of interactions overall: Approx. 200

Number of new members gained: 3 (10 forms taken away as well)

Top topics of discussion

- Which plastics go where
- Is any of it really recycled if so where and what is it turned into?
- What to feed hedgehogs and why making holes is important
- How can I reduce plastic use further without creating other waste?

Organisers had tried to encourage less single use plastic use and raise awareness with art.
