Open Forum on Active & Sustainable Travel

5th June—World Environment Day

6.30pm to 9.30pm

East Suffolk House, Melton IP12 1RT

Join us for a forward looking conversation on how we can move towards a more sustainable way of getting about in East Suffolk and help us explore themes such as:

- What are the needs and aspirations of communities?
 - What are the obstacles to change?
 - What role do electric vehicles have?
 - What about community car clubs?
 - How can businesses do their bit?
 - What help does your project need?

This event is being organised on behalf of the East Suffolk Greenprint Forum and is open to anyone with an interest in sustainable and active travel.

You may be a Parish or Town councillor keen to serve your community, the representative of an organisation with an innovative project, or a business owner who wants to help their employees to commute smart— or simply an individual interested in the issues.

Booking is essential to assist us in planning the event effectively.

This is YOUR event. In order to help us to make this event as useful and relevant to you as possible, please let me know at the time of registration if there are any particular questions, issues, or ideas that you would like the event to explore.

Please book by 24 May to reserve your place:
