

On a Knife Edge – Nature in Peril UK

A private viewing of the art exhibition, with a tour of Snape Marshes Nature Reserve,
for members of the Greenprint Forum

This exhibition hosted by the Lettering Arts Trust is a visual call to action on the biodiversity crisis - a reminder of what we have at stake.

Over 30 artists, established and young upcoming students have taken part, working on stone, wood and paper to highlight the plight of some of the resources, habitats and species that we are in danger of losing in the UK.

Attendees will first hear from our speaker, Master Lettercarver Eric Marland, followed by a tour of the Snape Marshes Nature Reserve led by Charlie Zakss from Suffolk Wildlife Trust, concluding with a private viewing of the exhibition and an opportunity to chat and mingle. Complimentary tea and scones provided.

Please wear appropriate footwear for the tour of the nature reserve.
