Dear Chris,

Thank you for your email.

I have checked with Councillors and our response is:

We had assessed all the comments made on the Regulation 16 representations from all parties. The response we sent you were to those comments made by East Suffolk Council (ESC) which we believe do not fully represent the findings of the Neighbourhood Planning Group or where ESC had a different view to the method we employed.

We took the decision to leave all other comments to your scrutiny as we had differing views on some comments from ESC and the Broads Authority but believed any changes which occurred would not significantly change the Neighbourhood Plan.

Best regards

Best wishes

Roz Barnett
Town Clerk,
Bungay Town Council
