Dear Sirs,

I noticed that the expiry date for comments on the overlap between midnight expire by the end of today.

I live in Dukes Park, and feel that since the area is in the parish of Martlesham, that the neighbourhood plan should fall within their remit, as a large village.

I feel that we are on the edge of the town, and with a proposed development at the edge of Dukes Park this will blur the boundaries between the town of Woodbridge, and Martlesham, which is still by and large a rural village.

Louise Liddell
