TO: East Suffolk Council - Riduna Park, Station Road, Melton, Woodbridge IP12 1RT and Riverside, 4 Canning Road, Lowestoft NR33 0EQ ("the Council")

The Council is the local planning authority for the area within which the Land is situated.

I have applied to the Council for planning permission for

("the Development") at

and have submitted a payment for the total amount of £

in support of the Application Reference Number

In order to mitigate recreational impacts on Habitats Sites as defined in the RAMS Strategy published evidence July 2019

"Recreational Avoidance Mitigation Contribution" means the sum of **£121.89 (Sites within Zone A) or £321.22 (Sites within Zone B) per unit** to be paid to East Suffolk Council (by BACS or card) in accordance with the Council's Local Plan Policies and the Appropriate Assessments of the Local Plans, and the Recreational Disturbance Avoidance and Mitigation Strategy Supplementary Planning Document.

I am making the attached payment to the Council to address the requirements of the Recreational Avoidance Mitigation Strategy Policies stated above and the Recreational Avoidance Mitigation Contribution has been paid to the Council for the defined purposes to be held by the Council and used solely for those purposes upon the Development being commenced.

I understand in the event that:

- i) Planning permission is refused for the Development and six months has elapsed from the date of that decision without a planning appeal having been made, or
- ii) The Development has not been commenced AND the planning permission is no longer capable of being implemented, or
- iii) Any planning appeal submitted in respect of the Development has been dismissed, then the Recreational Avoidance Mitigation Contribution will be returned to the person named below on written application to the Council.

Or in the event that the planning application is varied by a Section 73 application or amended then the Recreational Avoidance Mitigation Contribution may be used to cover the RAMS payment due for that application.
