

Sizewell C Councillors Monthly Update

January 2016

Cllr Guy McGregor
Chair of Sizewell C
Joint Local Authorities Group (JLAG)

Cllr Geoff Holdcroft
Vice Chair of Sizewell C
Joint Local Authorities Group (JLAG)

1. Research work on the B1122

Suffolk County Council's research into the community's perception of impacts associated with the potential Sizewell C construction traffic on communities along the B1122 is progressing well. Around 140 face to face interviews have been completed, complemented by an online survey, which has attracted a similar number of respondents. A final stage of the research will take place in February and parishioners of Yoxford, Middleton and Theberton/Eastbridge will be contacted shortly in relation to this. This work will be used to support the local authorities' response to EDF's Stage 2 consultation.

2. Suffolk's Energy Gateway - Lowestoft to Ipswich

On behalf of Suffolk County and the East Suffolk District Councils, Suffolk Chamber of Commerce are inviting businesses to attend a free consultation breakfast event to share their views on the impact the current state of the A12 between Ipswich and Lowestoft has on their business. Businesses are also invited to complete an online survey

Taking place on 26 January at Ufford Park, Woodbridge or 3 February at High Lodge, Darsham, these events will give attendees an outline of the aims and business case, as well as the impact specific improvements may make to businesses.
