

Local Plan Main Modifications Consultation Representation Form

Monday 17th October – Monday 28th November 2016

Site Allocations and Area Specific Policies Development Plan Document & Felixstowe Peninsula Area Action Plan

Please fill in a separate form for each representation you wish to make.

The Main Modifications consultation is part of the independent public examination into the Site Allocations and Area Specific Policies Development Plan Document & Felixstowe Peninsula Area Action Plan. The consultation follows on from public examination hearings in August and September 2016, at which an independent government inspector assessed the soundness and legal compliance of the plan in detail.

During the examination, a number of Main Modifications and Additional Changes were proposed to the documents. A Main Modification is classed as any modification which needs to be made to the policies or other content in order to make the plan legally compliant and/or sound. An Additional Change is classed as a minor change which does not affect the substance of the policy wording, including minor corrections and factual updates.

The schedules published on the Council's website list the Main Modifications and Additional Changes, with a reference number for each. In addition a Sustainability Appraisal and Habitats Regulation Assessment have been undertaken and these should be read alongside the schedules.

At this stage, comments are only invited on the Main Modifications and Additional Changes. At the end of the consultation period, all "duly-made" representations on the Main Modifications will be passed to the Inspector for consideration before issuing her report recommending whether or not the plan is sound and legally compliant. Please note that representations on the Additional Changes will not be passed to the Inspector, but will be considered by the Council alone.
