

CONFIDENTIAL MEDICAL REPORT

Medical Report on an applicant for a Hackney Carriage or Private Hire Driver's Licence (new or renewal).

- The first page; the Vision assessment, can be completed by either your **Doctor** or an **Optician**. Please check when making an appointment with your Doctor that they are able to measure the visual acuity to the 6/7.5 line of a Snellen chart and confirm the strength of your glasses from your prescription. If they cannot you will need to make an appointment with your Optician for this part of the form.
- The Medical assessment (pages 3 8) must be completed by a qualified UK registered Medical Practitioner who has access to the applicant's full medical records/a printed summary of the applicant's notes, including current medication.
- A further medical will be required at the age of 45 and every 5 years until the age of 65. From the age of 65 an annual medical is required.
- If you hold a valid LGV/PCV Driver's Licence issued by the DVLA you will not have to undergo a separate medical examination.

A WHAT YOU HAVE TO DO

- 1 <u>BEFORE</u> consulting your Doctor please read the notes overleaf at Section C, paragraphs 1, 2 and 3. ('Statement of Medical standards for Hackney Carriages and Private Hire Drivers'). If you cannot meet the appropriate standard your application will be refused.
- If, after reading the notes, you have any doubts about your ability to meet the medical or eyesight standards, consult your Doctor/Optician **BEFORE** you arrange for this medical form to be completed. The Doctor will normally charge you a fee and in the event of your application being refused, this is **NOT** refundable. East Suffolk Council has **NO** responsibility for the fee payable to the Doctor.
- Fill in Section 12 and Section 13 on page 8 and 9 of this report in the presence of the Doctor carrying out the examination.
- This report must be received at the Council Offices on or before the date your medical is due otherwise the suspension of your licence will be considered.
- 5 Please remove this covering page before sending in the form and check that all the sections have been completed fully.

B WHAT THE DOCTOR HAS TO DO

- 1 Please arrange for the patient to be seen and examined.
- Please complete sections 1 11 of this report AND the Vision Assessment sheet if you are able to. If you are not able to answer fully the questions in the vision assessment please advise the applicant that he must see an Optician or Optometrist. You may find it helpful to consult the DVLA's publication 'Assessing fitness to drive: a guide for medical professionals'.
- Applicants who may be asymptomatic at the time of the examination should he advised that if in future they develop symptoms of a condition which could affect safe driving and if they hold a Hackney Carriage or Private Hire Vehicle Driver's Licence, they must inform the Council immediately.
- 4 PLEASE ENSURE THAT YOU HAVE COMPLETED ALL THE SECTIONS

C MEDICAL STANDARDS FOR DRIVERS OF HACKNEY CARRIAGE OR PRIVATE HIRE VEHICLES

Medical standards for drivers of hackney carriage and private hire vehicles are higher than those required for car drivers.

1 EPILEPTIC ATTACK

Applicants must **NOT** "have a liability to epileptic seizures". (This means that applicants must have been free of epileptic seizures for at least the last ten years and have not taken anti-epileptic medication during this ten year period.) With such a liability the Council must refuse or revoke the licence.

2 DIABETES

Insulin treated diabetics MAY obtain a licence BUT must satisfy specific criteria.

3 EYESIGHT

Applicants must have:

- A VISUAL ACUITY OF AT LEAST 6/7.5 IN THE BETTER EYE (using corrective lenses if necessary); AND
- * A VISUAL ACUITY OF AT LEAST 6/60 IN THE OTHER EYE
- * WHERE GLASSES ARE WORN TO MEET THE MINIMUM STANDARDS, THEY SHOULD HAVE A CORRECTIVE POWER NOT GREATER THAN +8 DIOPTRES
- * COMPLETE LOSS OF VISION IN ONE EYE OR CORRECTED ACUITY OF LESS THAN 3/60 IN ONE EYE MEANS THE APPLICANT IS BARRED FROM OBTAINING A LICENCE

4 OTHER MEDICAL CONDITIONS

Please refer to East Suffolk Council's 'Statement of Medical Standards for Hackney Carriage & Private Hire Drivers'

NOTE ABOUT CONSENT

You will see that we have asked for your consent, for the release of medical reports from your doctors and our Medical Advisor because we may wish you to be examined and the doctors need to know the medical details, or because we require further information. Only occasionally do we need to do this and it may well not apply in your case. We never under any circumstances release information which is not relevant to fitness to drive, nor would we expect to receive this from your doctors.

We hope you will find this helpful and reassuring and will return the signed consent so that we might proceed with our investigations.
