## **Individual Comments**

### **Young People**

- Activities for young people x 3 (what do they want to do?)
- Youth nothing to do x 3 – ASB/transport
- Social isolation of young people
- Better investment in youth groups and young people's activities and sports outside of school hours x 2
- Exercise facilities for children
- Childhood obesity x 3
- Linking youth activities with working with older people
- Lack of opportunities for young people including jobs, housing, activities and engagement
- Mental health and wellbeing in children and adolescents (plus in rural areas) x 2
- Young people mental health awareness/training
- Where can young people socialise?
- What's available for young people in rural areas?
- Education and training for County Lines/Slavery awareness through schools and social media (particularly in rural areas)
- Young carers provision (around 70 in Kesgrave High School)
- Support for young people
- Family interaction (teenagers)
- Outreach youth workers to signpost
- Youth groups x 2
- Work with schools to steer children in need towards aspirational futures

### **Social isolation**

- Social isolation x 10
- Social interaction with older members of the community
- How many people aged 45 + live in isolation?
- Physical and emotional impact of social isolation
- Opportunities for engagement and the work of VCS and community groups in the area
- Community engagement
- Communication and social media
- Rural community involvement
- Activities for 65+ age group

### **Transport**

- Environment and transport
- Rural public transport x 3
- Improved transport
- Impact of transport on social interaction – transport for the elderly x 2
- Better bus services through villages

- Better bus service (linked to ageing population)
- Community transport offer
- Walk to school routes that can be made safer/footpaths near schools are required
- Road safety/traffic management x 3
- Speeding/poor signage/accidents (Westerfield)
- Road quality
- Impact on air quality
- Rural road safety
- Action to reduce carbon emissions and adapt to climate change and climate emergency
- Increase number of trips by public transport/cycle/walking
- Sustainable transport to reduce pollution and congestion
- Poor infrastructure through Martlesham increases volume of traffic
- Lack of safe routes for horses/bridleways

### **Health**

- Outpatient clinics and screening
- Rural community healthcare support (district nursing)
- Elderly care / adult social care x 2
- Build awareness of good social prescribing (making it local and accessible)
- In-depth work with mental health through support and 1-2-1 assistance
- Counselling and access to mental health support
- Adult and young carers in the area
- Healthy lifestyles
- Adult exercise levels
- Adult mental health awareness and understanding
- Self-care / Lack of self-care/prevention opportunities
- Vulnerable adults

### **Housing**

- Self-build affordable opportunities
- Heating houses
- Homelessness and early interventions (identify and target families at financial risk)
- Affordable housing x 4
- 2-year tenancies as a stepping stone to independent occupancy with tenancy support (to help re-establish independence)

### **Environment**

- Conservation projects
- Protect countryside – greening areas
- Pollution
- Footpath clearance next to highways
- Air quality (effect on asthma/respiratory illness) x 2
- Climate change

- Reducing wastage
- Reduce the use of plastic
- Litter
- Environmental care
- Environment and transport

### **Employment**

- Local employment
- Pathways to work in the community (payments which won't affect benefits but establish a working routine and improve self-confidence with a view to being employed)
- Job opportunities for young people
- Department for Work and Pensions funding

### **Community Safety**

- Engage the community in reporting ASB e.g. by supporting police and info links e.g. Crime stoppers
- Support victims of domestic abuse
- County lines
- Rural crime
- Crime and ASB

### **Deprivation, Poverty and Income**

- Look at areas of income deprivation – how can this be approached?

### **Digital/Communication**

- Rural broadband and mobile phone connectivity x 2
- Negative implications of overusing social media
- BT relationship an opportunity for community technology
- Communicate effectively with the whole community – getting info out/into hard to reach areas (eg Purdis Farm)
- Social inclusion and communication
- Support a one-stop shop community advice service/community hubs (link to jobs and housing needs) x 2
- Data sharing/identifying people to engage with (GDPR gets in the way)

### **General**

- Disparate nature of the area – Kesgrave v's rural areas
- How to bring two parts of Rushmere St Andrew together
- Community Orchard
- Provision of community spaces x 2
- Provide local food security for our area in the face of climate change and future food supply shortages (farmland and farming)
