

Guided tour of the Materials Recycling Facility

17:00 – 19:00, Wednesday 9th October 2024

In Suffolk, the contents of all domestic recycling bins is taken to the Materials Recycling Facility (MRF) at Great Blakenham in Suffolk, for separation and baling prior to onward shipment for reprocessing. This visit gives you the chance to see what the separation process involves and understand the reasons why we deal with recycling the way we do. It is definitely worth a visit and will help you champion reduction of waste and recycling in your own life, community or organisation.

Tours are not suitable for anyone who is pregnant, has a pacemaker or has mobility issues that prevents them walking up and down stairs.

Registration essential due to limited number of spaces.
