

# Nightjar walk at Sutton Heath

**20:30-22:30      Friday 16 May 2025**

Join us for a walk across the heathland forming part of SSSI Sutton Heath, listening out for the distinctive churring call of the nightjar.

Our guide, Chris Ryde, the Countryside Officer for East Suffolk Services Ltd who manage part of the SSSI, will tell us about this unique bird and the importance of active conservation of the special mosaic habitat of the lowland heath upon which nightjars and many other specialised species depend.

Attendees will need to be able to cover on foot approximately 2 km across uneven ground after dusk. Numbers limited so advance booking is essential.

This visit is a great opportunity for us to learn more about this special bird and its habitat.

Registration essential due to limited number of spaces
