

# Shovel it Yourself Day – FREE compost!

**Friday 12<sup>th</sup> May 2023 10:00-15:00**

**Waterlane Leisure Centre**

**Water Lane, Lowestoft, NR32 2NH**

Bring a shovel & bag or container and help yourself! (Subject to availability – when it's gone it's gone!)

Small trailers are permitted but if you are coming from somewhere within walking distance and are able to take your soil improver away in your wheelbarrow please consider leaving the car at home.

You are welcome to take some for members of your family or neighbours who might otherwise find it difficult to access the event.

Whilst visiting why not stop and find out about the subsidised home composting systems available to residents of Suffolk.

This event has been organised by East Suffolk Council on behalf of the Greenprint Forum and the Lowestoft and Northern Parishes Community Partnership, with the help of local volunteers, and the kind donation of a lorry load of soil improver from Biogen (UK) Ltd – completing the circle travelled by the green waste that residents diligently sort into their garden waste bins.
