

Shovel it Yourself Day – FREE compost!

Friday 9 May 2025 10:00-14:00

Car park at Youth Football Club,

opposite the allotments on Thong Hall Road,

Wickham Market

Bring a shovel & bag or container and help yourself! (Subject to availability – when it's gone it's gone!)

Small trailers are permitted but if you are coming from somewhere within walking distance and are able to take your soil improver away in your wheelbarrow please consider leaving the car at home.

You are welcome to take some for members of your family or neighbours who might otherwise find it difficult to access the event.

Whilst visiting why not stop for a chat with a Master Composter Volunteer for any hints and tips you might need to get the best out of your own home composting efforts. You can also find out about the subsidised home composting systems available to residents of Suffolk.

This event has been organised by East Suffolk Council on behalf of the Greenprint Forum, with the help of local volunteers, and the kind donation of a lorry load of soil improver from Envar Composting Ltd – completing the circle travelled by the green waste that residents sort into their garden waste bins.
