

DEBEN FIELDS - ISSUE 1

Site Commencement:

Kier is scheduled to commence site enabling works at the new Deben Fields development from 22 May 2023. Initial works will consist of the erection of Project Boundary Site Hoardings around the site and we are working with our Client to ensure this hoarding offers up to date information on the project as well as protection to the general public. CCTV will be installed by the hoardings and on the main site during the build to ensure we monitor its safe construction at all times. We apologise for any inconvenience this may cause.

We will also complete initial site clearance and cropping of perimeter vegetation, as well as the cutting back of tree branches to the boundary fence lines.

Other Traffic Arrangements:

During Key points in this project, we will be undertaking works outside of our site boundary for connections to utility services & alterations to the public footpath outside the site boundary. Prior to any works being undertaken we consult with the local Stakeholders & Highways Department to ensure we do not cause unnecessary disturbance to the local community.

Contact us

We look forward to being your neighbours and welcome your feedback or questions. Our nominated site contact is Senior Site Manager Jason Woolley.

Email us:

simon.mower@kier.co.uk
Jason.woolley@kier.co.uk

Jason can be contacted during normal working hours.

Andy Jordan

Considerate Constructors

The site is registered with the Considerate Constructors Scheme, which is an independently audited assessment of a project's consideration for the local community, its operatives and the environment.

As part of our commitment, we do what we can to minimize disruption from the project. If you have any concerns, please do not hesitate to contact us.

Working Hours:

Our general working hours are 07:30 - 18:00 Monday to Friday. Saturday mornings from 08:00 - 13:00.

Car Parking:

Kier and its supply chain will utilize local pay and display car parks along with no parking on site.

Deliveries and Site Traffic:

All deliveries are pre-booked and within site working hours and wherever possible are planned to avoid highly congested periods.

We will have a full time Gateman at the site entrance to control and direct deliveries. All deliveries are directed straight into site to avoid disturbance and traffic congestion.

Thank you for taking the time to read this newsletter.
