Leiston Leisure Centre is almost ready

Our exciting full development is now complete

The centre will reopen at 8.30am on Saturday 10 August

Membership offer for early birds

Leiston Leisure Centre is reopening on Saturday, 10 August!

I am very pleased to tell you that we are nearing the full completion of Leiston Leisure Centre, which includes a new spacious gym, two new dance studios, a group cycling studio and a revamp of the squash courts and the main sports hall.

The centre will reopen to the public on Saturday, 10 August at 8.30am – marking the completion of the £4 million redevelopment.

East Suffolk Council is committed to invest in doing away with the traditional local authority leisure offerings and provide new facilities that will encourage more people to become active – and I hope that we have created a facility that the local communities can be proud of and will enjoy for years to come.

I would like to thank members of Leiston Leisure Centre, and

everyone in the area, for their support and patience while the work has been going on.

Come along to see the new centre and have a tester session. You can go for a swim, relax in the steam and sauna room, sweat it out in the new gym, or maybe even try a new exercise class.

If you have any questions or feedback or would like to hear the latest updates, you can email us on

Cllr Letitia Smith, East Suffolk Cabinet Member for Communities, Leisure and Tourism

Welcome to your new Leiston Leisure Centre

Leiston Leisure Centre is almost open for business after undergoing a £4 million redevelopment, bringing state-of-the-art facilities to the area, including a multi-functional fitness rig, spinning bikes and new cardio, resistant and strength equipment.

The centre was closed in August 2018 and is the second project to be completed in the Council's five year programme to improve leisure facilities and encourage more people to become active and fit.

The redevelopment was done over two phases, with Phase One reopening to the public in June 2019.

The enhanced leisure centre includes a spacious new gym with latest equipment.

The pool area has been extensively refurbished and includes a new, high quality village changing area with separate schools and parent and child cubicles.

A brand new addition is the poolside thermal suite with sauna and steam room, feature shower and a relaxation area.

The reception area has been completely refitted and has a more much attractive entrance to the centre with an enhanced view of the pool and a new enlarged soft play area.

There are two new dance studios offering a variety of classes, as well as a separate cycling studio complete with virtual and instructor-led classes.

The squash courts and main hall have also been given a facelift.

The new facility was designed with the Council's development partners, Pulse Design & Build, and is run by our operational partners, Places Leisure.
