Dear Ben

Planning application DC/17/1435/OUT: land south and east of Adastral Park

Further to recent discussions in relation to the Barrack Square pedestrian/cycle connection please find enclosed drawing 10391-HL-103: Shared Cycleway and Footway Connection via Barrack Square. This drawing is consistent with those submitted as part of the TA, however, it provides an enhancement to the amount of detail shown.

The footway improvements can be delivered in current adoptable highway. In some places, the existing carriageway would need to be narrowed to 4.8m, however this complies with Suffolk County Council's standards for the minimum allowable width. The existing vegetation and trees will require significant pruning and in some cases removal to facilitate the improvements. The areas affected will be surveyed and a revision to drawing 1: Tree Survey & Protection Plan Sheet 1 of 5 will be provided. All required works to deliver the scheme can be delivered through a Section 278 Agreement under the Highways Act 1980.

Please do not hesitate to contact me should you wish to discuss.

Yours sincerely

A handwritten signature in black ink, appearing to read "H Adcock", with a flourish at the end.
