Addendum to Habitats Regulations Assessment of planning application DC/17/1435/OUT Adastral Park

From Thursday 29th November 2010 a consolidated version of the Conservation of Species and Habitats Regulations 2017 (Habitats Regulations 2017) will come into force. These new Habitats Regulations will supersede the Conservation of Species and Habitats Regulations 2010.

The Habitats Regulations 2017 consolidates the various amendments that were made to the Habitats Regulations 2010 and also introduce minor amendments designed to take account of changes to other related legislation, rectify previous omissions or improve clarity of drafting.

Amendments to the Habitats Regulations 2017 do not reflect any changes to policy or procedures, however references to the Regulations will need to be updated.

The Habitats Regulations Assessment of planning application DC/17/1435/OUT Adastral Park, was prepared whilst the Habitats Regulations 2010 were still in effect. The purpose of this Addendum is show that the implementation of the Habitats Regulations 2017 has been considered as part of this application and that there will be no changes to, or impact upon, the content, assessment or conclusions of the Adastral Park HRA.
