Author	Sean Crossland BSc BCA MCIEEM

This cover letter provides a summary of Arboriculture information to support the outline application (DC/17/1435/OUT) submitted in the first instance in April 2017.

Following this initial submission, amendments for Tree Protection Plan (TPP) sheets 1 to 5 Rev E in relation to revised access drawings and levels were submitted in June 2017.

Further to this additional details of proposed footpath improvements are included within a revised sheet 1 of 5 TPP Rev F and an updated Tree Schedule (appendix 2) Rev 01.

The final most recent revised A12 junction layout are taken into account within an amended TPP sheet 2 of 5 Rev F. The amended Arboriculture impact Assessment (AIA) Rev D takes account of all above amendments and should be read in conjunction with the most recent plans. A list of the most recent document revisions to support the application is provided below for ease of reference:

1. Adastral Park Updated Arboriculture impact Assessment (AIA) (Final) Rev D
2. Adastral Park Tree Survey Schedule (Rev 01) Appendix 2 to AIA
