Dear Mrs Feeney,

**Re: Waveney Community Infrastructure Levy Examination**

Thank you for your consultation on the above, which was received by Natural England on the 07 February 2013.

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

**Natural England has nothing further to add to its comments of the 16<sup>th</sup> November 2013.** The lack of further comment from Natural England should not be interpreted as a statement that there are no impacts on the natural environment. Other bodies and individuals may be able to make comments that will help the Local Planning Authority (LPA) to fully take account of the environmental value of areas affected by this plan in the decision making process.

For any correspondence or queries relating to this consultation only, please contact Jamie Melvin using the details given below. For all other correspondence, including in relation to forward planning consultations, please contact the address above or email

We are here to secure a healthy natural environment for people to enjoy, where wildlife is protected and England's traditional landscapes are safeguarded for future generations.

In an effort to reduce natural England's carbon footprint, I will, wherever possible, avoid travelling to meetings and attend via audio, video or web conferencing.
