

## **Northern Transport Forum – Appointment of Independent Chair**

The parties to the Deed of Obligation dated 8 October 2021 related to Sizewell C, Suffolk (the DOO) record the following in relation to the administration of the Northern Transport Forum.

The Northern Transport Forum is constituted under paragraph 5 of Schedule 17 of the DOO. The Southern Transport Forum, SZC Forum and Main Development Site Forum are also constituted under this paragraph.

Whilst the Southern Transport Forum (paragraph 5.41), SZC Forum (paragraph 5.8.1) and Main Development Site Forum (paragraph 5.18) are all required to have independent chairs appointed by SZC Co, paragraph 5.30 states that the Northern Transport Forum shall be chaired by a member of the SZC Project Team (as that term is defined in the DOO). The parties note that the requirement for the Northern Transport Forum to be chaired by an SZC Project Team member is an error, attributable to a typographical mistake in the production of the DOO. The parties always intended for the Northern Transport Forum to be chaired by an independent chair, as with the other three forums constituted under paragraph 5.

In accordance with the power contained in Schedule 17 of the DOO at paragraph 5.33 which permits the Northern Transport Forum to make such "administrative arrangements and terms of reference as it considers appropriate for the proper and efficient functioning of the Northern Transport Forum", the parties agree that the chair of the Northern Transport Forum will be an independent party recruited and appointed by SZC Co. This document was discussed at the Northern Transport Forum meeting on 8<sup>th</sup> May and it was agreed to make this administrative change pursuant to paragraph 5.33.
