Dear Ms Pieri

Details in relation to Schedule 12 'Noise' and Annex W 'Noise Mitigation Scheme' of the Sizewell C Project Deed of Obligation in respect of Sizewell C Nuclear Power Station Development Consent Order (DCO) 2022

The following documents were submitted to East Suffolk Council by SZC Co. in relation to specific requirements within Annex W 'Noise Mitigation Scheme' of the Sizewell C Project Deed of Obligation, on 19 November 2024.

- Deed of Obligation, Schedule 12, Annex W: Operational Rail Refreshed Noise Assessment (Revision 1.0)

The specific sections of the Noise Mitigation Scheme which are relevant to this submission include paragraph 1.2.3 requiring the submission of a phasing plan and paragraph 1.2.5 requiring refreshed noise assessments be submitted to and agreed by East Suffolk Council.

The details given within the above document and accompanying email received 19 November 2024 in respect of paragraphs 1.2.3 and 1.2.5 Annex W Noise Mitigation Scheme of the Sizewell C Project Deed of Obligation are acceptable. Subject to work being carried out in accordance with those details, the aforementioned paragraphs within the Deed will have been complied with to the local planning authority's satisfaction in relation to the Operational Rail works.

ESC's Environmental Protection Officer has reviewed the Refreshed Noise Assessment and phasing plan and confirmed they are acceptable for agreement. It is important to note that the decision to accept the refreshed noise assessments as appropriate for agreement is supported by the virtue that the Noise Mitigation Scheme remains available to residents for the duration of the project. Therefore, should something occur to change the outcomes or in the event there are any inaccuracies in this assessment it can be addressed at a later date under the scheme.

Please note this letter only relates to the Operational Rail works, further approvals under the Noise Mitigation Scheme will be required in relation to works outside those identified.

Yours sincerely
