Dear Ms Goold,

Sizewell C Deed of Obligation - Schedule 12 and Annex W - Noise Mitigation Scheme

Refreshed Noise Assessments

The timescale set out for approval in Schedule 12 paragraph 2.6 is 28 days from of the receipt of the submitted report unless otherwise agreed. Please note that due to the size of the document, this is being sent in 2 parts.

Phasing Plan

The NMS (paragraph 1.2.3) also requires us to provide you with a proposed phasing plan setting out the order of refreshed noise assessments. The current proposed order is as follows:

- The B1122 Properties - automatically eligible / NMS rolled out
- Main Development Site – RNA approved by ESC / NMS rolled out
- Rail – construction - RNA approved by ESC / NMS rolled out

Roll out of the NMS

We launched the NMS in July 2023 and it has now been rolled out to the B1122 Properties, the Main Development Site, Yoxford Roundabout Construction, Rail Construction and Early Years Roads. Later Years Roads is being prepared for roll out currently.

In total an initial offer letter has gone to 234 properties, 148 or 63% have responded. 127 of those have already had surveys undertaken and a proposed specification sent. 63 have had Scheme Agreements, reflecting a drop off at the point where people have

to send in 2 quotes for the work. We have paid 35 deposits for installation works. 27 installations have been completed.

If you have any questions on any of the above then please contact me or Rebecca Calder (cc'd).
