**Attachments:** FW: RENDLESHAM NEIGHBOURHOOD PLAN CONSULTATION RESPONSE; ATT00001.txt

Thank you for the opportunity to comment on this plan. I have nothing to add to responses already made at earlier stages of the plan. I would however, re iterate the comment relating to 'land to the west of Garden Square' is in close proximity to the Water Recycling Centre. An initial risk assessment has indicated that these sights are at medium to high risk of loss of amenity associated with odour.

Before this site progresses any further, Anglian Water should be consulted to carry out more detailed assessment to ensure that inappropriate development is not allowed to proceed that may be at risk of odour impact. Anglian Water policy on encroachment can be viewed at: <http://www.anglianwater.co.uk/developers/planning/encroachment.aspx>

For ease of reference, I have attached our previous consultation response,

Regards
