Cllr Geoff Holdcroft

1. On 21st October, during the Chinese President's state visit to the UK, the Government announced the [Chinese investment in Hinkley and Sizewell](#). The [DECC press release](#) and the [EDF press release](#) are linked here.

EDF and CGN have signed the Heads of Terms of an agreement in principle to develop Sizewell C in Suffolk to a final investment decision with a view to build and operate two EPR reactors. During the development phase EDF will take an 80% share and CGN will take a 20% share.

2. We have recently published some [Economic Development principles](#) for the development of Sizewell C on our joint website page for Sizewell. These have been written to outline the principles and priorities for action related to maximising the economic benefit and minimising any negative benefits of the proposed Sizewell C development.
3. We have recently taken papers to the Cabinet meetings of Suffolk County and Suffolk Coastal District Councils, resulting in approval for up to £450,000 and £50,000 respectively towards establishing the business case for the Four Village bypass on the A12. This was covered in the [local press - SCC report](#), and [SCDC report](#)
4. EDF has now produced a [supplier map](#) for the Hinkley development to demonstrate the value of contracts that have been awarded to UK companies.
5. Suffolk Coastal District Council has a Sizewell Task Group meeting scheduled for 9th Dec, at 4pm in the Council Chamber.
