

## **Sizewell C Task Group**

### **Terms of Reference 2013**

- I. To advise Cabinet on arrangements for local consultation on the proposed Sizewell C nuclear power station, in particular the Statement of Community Consultation and the subsequent stage 1, stage 2 and any thematic consultations;
- II. To advise Cabinet on any actions which the Task Group may consider appropriate arising from its deliberations;
- III. To consider potential local impacts which may arise from new build and associated development during both construction and operation of Sizewell C and to advise on potential mitigation;
- IV. To provide a forum for reporting back on all the work packages being progressed during the planning phase, enabling members to review mechanisms and request further information on emerging issues and other areas as required;
- V. To provide a comprehensive and transparent forum for briefing members, for the debate and refinement of members' views that can be put to Cabinet, and for members to highlight areas where they feel additional information is needed;
- VI. To take evidence or consider representations from interested parties to inform the Task Group's recommendations, where the Task Group considers such to be expedient. Interested parties may include, but are not limited to, neighbouring principal Local Authorities, Town and Parish Councils;
- VII. To recommend to Cabinet a submission to the Planning Inspectorate;
- VIII. To monitor progress of and issues arising from the construction phase and to recommend to Cabinet any actions as appropriate;
- IX. To identify opportunities and issues which might arise from the Sizewell C development that the Council should consider, to benefit the economy, environment and communities and to advise Cabinet accordingly.
