The land is being marketed which demonstrates progress with bringing the site forward, and as a relatively small site this would suggest that the site is likely to be developed within five years. Negotiations to bring the site forward are ongoing therefore the site is being counted towards the end of the 5 year period.
DC/18/2325/FUL; SSP4	Aldringham	Land to the east of Aldeburgh Road	40	0	0	28	12	0	0	0	The site is allocated in the adopted Site Allocations & Area Specific Policies Document - SSP4 and has a planning application currently awaiting a decision. The developer has indicated through a response to the Housing Land Supply questionnaire that commencement on the site (permission permitting) can begin in summer 2019, however this is considered optimistic so delivery has been moved into years 2 and 3. The developer has not identified any matters affecting the delivery of the site other than the issuing of the Section 106 agreement.

WLP2.14	Oulton	Land north of Union Lane, Oulton	150	0	20	20	20	20	70	The site is in the control of a developer (Oldman Homes). The response to the Housing Land Supply questionnaire states that a planning application will be submitted early 2020 once site investigations are completed and to commence the site at the earliest opportunity. Developer anticipates 20 completions per annum. The developer has anticipated completions in 2019/20 but this is considered optimistic based on the size of the site and current planning status and therefore first completions have been moved back by 1 year to 2020/21.
WLP2.15	Oulton	Land between Hall Lane and Union Lane, Oulton	190	0	0	50	50	50	40	The site was promoted by Bidwells through the preparation of the Waveney Local Plan, on behalf of the main landowner. A smaller part of the site is in control of a local housebuilder. Correspondence from Bidwells through the Examination, in 2018, confirmed that the site is viable and deliverable (in the timescales set out in the Local Plan trajectory, commencing 2020/21) and that a planning application would be submitted in 2019. The delivery rate is as anticipated in the Local Plan trajectory although moved back by 1 year to reflect the current status.

It is anticipated this area will be delivered as part of a comprehensive, masterplanned development of the site. The eastern part of the allocation (approx 52.5ha) is in the control of a national housebuilder (Larkfleet Homes) and pre-application discussions with the Council are ongoing. In responding to the Housing Land Supply questionnaire, the developer's representative states that several reports, surveys and investigations of the site have already been carried out to support an outline planning application in the latter part of 2019. The developer anticipates completing 50 dwellings p.a. with the first completions during 2020/21. However the Council considers for the purposes of his Statement that first completions in 2021/22 may be more realistic. The remaining land in the west of the allocation is in the ownership of a landowner partnership and a charitable trust. At this time there is no indication that a planning application will be submitted or the land marketed to a developer therefore this part of the site is not expected to deliver any dwellings within the current 5 year supply period.
