The requirement is to place for 56 days - prior to a stat homeless application being made. Time spent in temporary accommodation will be lengthened with slower turnover. Our key temporary accommodation provider has, in SCDC, indicated that they are not able to release or provide additional units for use as TA. Procurement of relief accommodation will form a significant strand to a revised homeless strategy along with exploration of working more closely with the private sector. Orwell Housing suggested a TA Summit in preparation of the Act.	National
