COMPLETED PROJECTS											
ES02	Waveney: Nwes Business Support Voucher proposal	The project seeks to address a need to support local businesses in the rural areas of the district. The council, Waveney Business Forum and Nwes have identified that there is presently a lack of support available in the district market towns. Two-hour business advice sessions will therefore be offered via a voucher scheme drawing on the learning and experience from a similar scheme that ran in the District from November 2012 until April 2014. The scheme would be promoted to the rural based businesses specifically and, where no alternative support is available, also assist rural pre-starts.	WDC	HOS Economic Development and Regeneration	Paul Wood	Economic Growth	Economic Development & Tourism	Completed	Operational Project	Start November 2015 for a 12 month period (extended to March 2017 due to demand)	31/03/2017

The project saw 44 young people taking part in a 2 day per week work experience on site with local builders.	WDC	HOS Economic Development and Regeneration	Paul Wood	Economic Growth	Economic Development & Tourism	Completed	Operational Project	Project completion and evaluation July '14.	29/07/2016
ES18, ES17	Joint: Developing prospects on the Suffolk Coast: Economy, People, Environment	The project aims to build a more robust tourism economy along the Suffolk Coast, developing key assets, delivering events and expanding activities to attract visitors during the shoulder and off-seasons. The project builds upon the strong, cross-sector tourism collaboration that has developed along the Suffolk Coast. All organisations involved have a common goal of developing new opportunities, building on existing strengths, exploiting niche markets and addressing weaknesses in the current offer.
