6. Planning Obligations under Section 106 of the Town and Country Planning Act 1990: The Tests in Circular 05/2005.

Obligations should be:

- necessary
- relevant to planning
- directly related to the proposed development
- fairly and reasonably related in scale and kind to the proposed development
- reasonable in all other respects

Two questions should be considered when proposing planning obligations:

Are they needed from a practical point of view to enable the development to go ahead?

Are they so directly related to the proposed development that the development ought not to be permitted without it?

Reasons why planning obligations may be proposed include:

- to provide improved highway facilities, contributions to park and ride, etc.
- to secure the inclusion of affordable housing in a scheme
- to offset the loss of a habitat
- to protect important sites or species

There is a fundamental principle that planning permissions may not be bought or sold.
